## Bariatric Starlock®

The unique design elements of the Starlock have allowed for the introduction of the new Bariatric Starlock to our Standard product line. The locking device is centered under the structural anatomy of the bariatric client, providing up to 119 individual locking cells! The outer side row(s) of cells remain in cell communication to support redundant tissue. The Bariatric Starlock has **NO WEIGHT LIMIT!**

Cushion Size	Cushion Code	# of cells
