

# Opening Doors Just Got Easier for Everyone!

**Great Grips** 

**C1SOUTH**

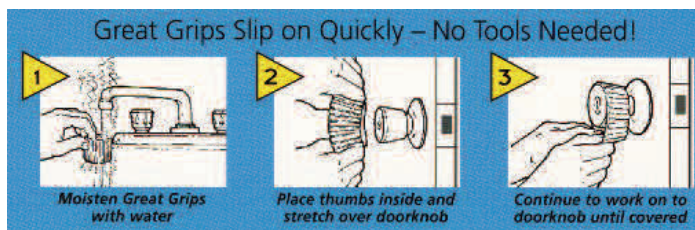

## FINDING THE DOORKNOB AT NIGHT JUST GOT EASIER

With up to eight hours of illuminating power, glow-in-the-dark Great Grips keep doorknobs visible, guiding your way in/out of a room. Exposure to bright lights or the sun “recharges” the glow-in-the-dark power and keeps it strong.

- Slip on quickly - no tools required
- Make all round door knobs easier to turn
- Better grip for weak or older hands
- Eliminate static shock
- Insulate against hot and cold doorknobs
- Made from latex free material
- Take them away with you when you travel
