Bag a table anywhere

Easy to carry

Trabasack (latin for table + bag) is a firm flat surface on one side and a removable bean bag cushion on the other. Ergonomically designed for comfort and safety. It moulds to the contours on your legs and provides a level surface wherever you need one. There is space in the bag to carry your personal belongings. You can unzip the bag without taking the Trabasack from your lap. Attaches to the front of any wheelchair or buggy and stows at the back when not in use. Trabasacks are easy to wipe clean and are machine washable.

Includes multi-use straps.
